Dear Examiner:

This is in response to the Advisory Action mailed on April 10, 2007 and to reflect the substance of a conversation the undersigned had with the Examiner in the above-identified matter in an interview on April 24, 2007. The undersigned requested that the Examiner enter the Amendment After Final which was not entered (as indicated in an Advisory Action mailed on April 10, 2007). It was the undersigned contention that the §112 amendment was first raised in the Final Office Action, and that it was not caused by any amendment made by Applicant to the claims. Therefore, the undersigned requested the Examiner either enter the Amendment After Final or withdraw the finality of the previous Office Action.

While the Examiner maintained that she thought that the rejection and finality were proper, she did indicate that she would enter the Amendment After Final, but that the claims were still rejected based on prior art grounds. Applicant wishes to thank the Examiner for the graciousness of extending a telephone interview and for the Examiner's willingness to advance prosecution in this case, by entering the amendment.

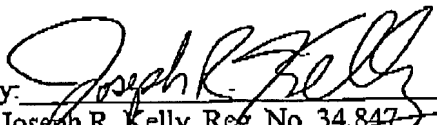

-2-

It should also be noted that, with this amendment, the caption on claim 19 has been modified to "Previously Amended" from "Currently Amended". Applicant respectfully requests reconsideration and allowance of claims 1 and 3-24.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
